

## HIGHLANDS EL ENCINAR GOES TO

This school year, Highlands El Encinar and Chaminade Preparatory School in Saint Louis Missouri, (<https://www.chaminade-stl.org/>) have just crafted together a student exchange program.

We will look for **about 5 boys from 6<sup>th</sup> grade Primary** to enjoy this experience, with the participants chosen by writing **an email to [agreciano@highlandselencinar.es](mailto:agreciano@highlandselencinar.es)** asking to participate in the exchange.

Chaminade Preparatory School offers a student **exchange program**, which would involve their coming to us for two weeks **in their Spring break, last week of March 2020**, and our students' going there the **third week of September 2020 for three weeks**. Over the course of the three weeks, students will take school lessons, the perks of day trips and full accommodation in host families. Families' availability to host a student is essential to participate in the exchange.

The US students participating in the exchange are 2-3 years older than our students, but, due to our former experience, students' different age has also proven to be a successful, enriching family experience.

The most interesting part of this program is **how affordable it has become** as families will only have to pay for the flights and a little budget for the day trips. We estimate that the cost of the trip is around 1,600 euros, including excursions and flights. As the group is small, in order to reduce costs, the group will require an unaccompanied minor service to be hired when buying the flights.

On our students' return, there will be a **two-week program with workshops**, organized by the different schoolteachers, to help the students catch up with the class level

**Deadline to register;** 13<sup>th</sup> of March 2020

We are looking forward to succeeding in our common effort to unite the world through schooling.

Miss Jo Triviño

Languages Coordinator
